Welcome Message

Dear Colleagues,

In last 70 years of bariatric surgery, this specialty has evolved and accepted by the society at large. This could be achieved by painstaking efforts to improve procedures, maintain data and graceful acceptance of failure(s) by pioneer bariatric surgeons. Many of us had been part of this evolution in last 20 years in India.

Indian Association of Gastro-intestinal Endo-Surgeons(IAGES) have taken an initiative to organize fellowship courses in specialty surgeries to recognize and felicitate senior bariatric community. This 3 day program is designed to fine tune understanding of disease and surgical skills of practicing bariatric surgeons.

The program is organized by Wockhardt Hospital, Mumbai which is one of the few Center of Excellence in Bariatric Surgery across the world. FALS will participants an opportunity to see working, protocols and follow up as practice in a COE.

We look forward to your participation for this high quality program for learning from the best about standard practice of bariatric surgery.
