Prof Dr Sunil D Popat
President, IAGES 2021-22

Dear Friends & Colleagues,

It is indeed my great pleasure and privilege as IAGES President, to invite You to the 19th National Congress of IAGES at Rajahmundri. IAGES 2022 got postponed from February dates to 9-12 June due to Covid 3rd wave.

IAGES , a Family of more than 8500 members, has been at the forefront of imparting Knowledge & Skills of Laparoscopic Surgery and GI Endoscopy since almost 3 decades. For the members and surgical colleagues, IAGES organises various Fellowship Programs in Essential Laparoscopic Surgery, GI Endoscopy, Advanced Laparoscopic Surgery in UGI, Bariatrics, Colo-Rectal, HPB, Hernias, Onco Surgery, Robotic Surgery and Advanced GI Endoscopy.

During the last academic IAGES year, we had excellent mix of Onsite and Online Programmes. In spite of Covid disruptions, We had very Successful On Site FALS UGI, FALS Colo-Rectal, FALS Bariatrics, FALS Hernia and FALS Robotics and OnLine FALS Oncology in addition to several FIAGES & EFIAGES Programmes. For the first time, IAGES started FALS Robotics. For the first time GOA hosted FIAGES during the year. Safe Lap Chole Course and Lap Hernia Skill Courses were also introduced during the year. There were plenty of International & National Webinars on variety of subjects. First Online Safe LapChole Course on 6th February created history by having Scientific Deliberations for more than 10 hours with attendance of more than 2000 delegates. During the year, IAGES also started academic partnership with ALSGBI - Association of Laparoscopic Surgeons of Great Britain and Ireland. During the year, IAGES also conceptualised Academic Collaboration with EAES - European Association of Endoscopic Surgeons, the first such Joint Webinar happened in May 2022.

During the last year IAGES Mobile app was launched, which brought All the IAGES activities at the touch of a button.

IAGES Members, who have done IAGES Fellowships, will be awarded the Fellowship Certificates in the Convocation Ceremony at Rajahmundri.

IAGES National Congresses are considered among the best of the Conferences for Laparoscopic Surgery and have been well attended and appreciated. IAGES 2022 is happening in Rajahmundri from 9-12 June. Rajahmundri is a very beautiful and cultural city, well connected to major cities by Air, Railways and Roads. GSL Medical College, the host, are known for their excellent academic activities year around and their State of the Art Simulation Lab in addition to their hospital facilities.

Message

IAGES 2022 will have Post Graduate Courses on Day 1, 9th June, on various surgical sub specialities such as General Laparoscopy, Hernia Surgery, UGI Surgery, Bariatrics, Colo- Rectal Surgery, Robotic Surgery, GI Endoscopy etc.

The congress will have Live Workshops, Lectures, Debates, Panel Discussions, Presentation of Research Papers etc to keep us up to date with the latest.

I look forward to meeting you at IAGES 2022, Rajahmundry and exchange our thoughts, ideas, skills and expertise to take this journey in to Minimal Access Surgery beyond the horizons.

Warm Regards

Prof Dr Sunil D Papat

President - IAGES 2021-2022

Congress President

Managing Director

Nidhi Hospital Ahmedabad

Editorial

Prof. Subhash Khanna
Editor, IAGES Newsletter- 2021-22

My dear IAGESians, Greetings.

“The greatest thing in this world is not so much where we stand as in what direction we are moving.

“From its inception in 1993, IAGES has been through an incredible journey fulfilling its academic and social commitments towards its members, surgical fraternity, and the people as a whole. As a past President of this august association, I feel privileged to have lent a small hand in its 29-year long academic journey.

In the year 2021-2022, with IAGES being led by President Dr. Sunil Popat and the dynamic hon. secretary Dr. Easwaramoorthy along with a vibrant EC group, have provided a new thrust to the academic activities of the association. Against all odds, our Executive Council came out victorious over numerous academic events throughout the year in hybrid, virtual and physical modes. It shows the deep construct in our minds to lead the way for a better future.

It has been my endeavour to always trail all the members and their activities, and to bring their novel work in the form of a newsletter to you every quarter. The e newsletter was born in 2018 when I took up the responsibility to make “IAGES- Times” available on the desktop and mobile screens of each one of the members. But I feel the time has come when I should handover this responsibility of presenting to you the newsletters both electronic and hardcopy, as I have many other responsibilities in hand, particularly the ensuing World Congress of Endoscopic Surgery to be held in 2024. So, farewell e-newsletter “IAGES times” and farewell IAGES newsletter! I wish the new team and the EC as well as the incoming editor, and all members of our IAGES all my best wishes.

As congress president & Organising Chairman of World Congress of Endoscopic Surgery (WCES) to be held for the first time in India in 2024, I request all of you to register for the congress as soon as possible. “Sometimes, reaching out and taking someone's hand is the beginning of a journey.

At other times, it is allowing another to take yours.

“Long live IAGES.

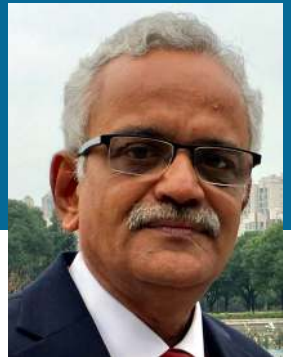

Prof Subhash Khanna

Editor- IAGES Newsletter and “IAGES Times”

Trustee: Indian Association of Gastrointestinal Endosurgeons

Dr Abhay Dalvi
Chief Trustee, IAGES 2021- 22

Greetings!

Today it is with immense pride I pen these words on IAGES. I am sure some of us who have witnessed IAGES since its inception do agree that it is what it is today because of the commendable work done by our seniors and peers. While we have seen surgical procedures evolve to minimally invasive and robotic, IAGES has been instrumental in bringing numerous structured academic and training programs keeping us updated to international standards. We are a strong association of 8000 surgeons and increasing day by day.

I must admire the commendable work done by the previous presidents Dr Ramen Goel and Dr Sunil Popat and I am glad that it is being continued by the present president Dr LP Thangavelu.

Under the leadership of past president Dr Subhash Khanna, the world Congress to be held in India in 2024 is IAGES's responsibility and I am sure that the team that Dr Khanna has selected, supported by the Executive body, will live upto the expectations not only of the national but international delegates too.

Let us join hands together to make every IAGES event, be it city, state, national or international, an event to remember.

Let us meet at Rajahmundry for the physical conference in person.

My best wishes to all!

Dr. Abhay Dalvi

Chief Trustee

IAGES 2021-22

Message

Dr. L. P. Thangavelu
President Elect, IAGES- 2021-22

Dear Friends and colleagues,

It is a great honour to be given the privilege to Preside over this vibrant and prestigious association of IAGES. IAGES has been a leader in bringing numerous structured training programs in various areas of Minimal access surgery.

IAGES has more than 8000 life members. FIAGES is a flagship laparoscopic course covering from basic to various sub speciality topics. It lays lot of emphasis on hands on training of laparoscopic knotting and suturing. EFIAGES is an one of a kind fellowship course which is structured on teaching surgeons to perform endoscopy and colonoscopy with hands on training. It also covers basic therapeutic endoscopic procedures.

FALS is an unique course developed to address the gap of sub specialities in our training program. It covers the most updated techniques followed around the world by eminent faculty. We have 7 different sub speciality courses to choose from based on their interest. FAGIE is an advanced endoscopy course developed to train surgeons in advanced endoscopic interventions like Poem, spyglass to name a few procedures.

Critical view of safety is a well established concept, but still poorly understood and followed correctly among the majority of surgeons leading to devastating complication for the patient. In order to standardize and ensure safe practice we have designed a dedicated cholecystectomy course discussing in detail on how to objectively assess and dissect a correct critical view of safety in our day to day practice.

Hernia is one of the commonest conditions for which we perform surgeries routinely, but still more than 80 % of them are performed by open technique. This is due to the complexity of the anatomy and steep learning curve. We have designed a special course to discuss in detail the nuances involved in performing a durable repair. Live surgical demonstration is also part of the program.

We have many online activities planned, so that we can have the benefit to learning from international faculties on various topics from the comfort of our homes.

The national conference for the year 2023 is scheduled to take place in Coimbatore in February 2023. It is going to be an extensive program covering all common sub specialties with live surgical workshop, international lectures, orations and hands on training centers to name a few. The best presentation in the conference will attract a cash prize of Rs. 50000 for 6 delegates.

JMAS the journal of our society is getting more popular every year and has a healthy impact factor. It is an online journal now which is sent to all our members. The quality of articles received for the acceptance are improving by leaps and bounds every year.

IAGES has various initiatives for the benefit of our fellow members like traveling fellowships, research awards, pg thesis awards, to name a few.

MAS for all is the theme for the year. I invite all of you to contribute towards the growth of our IAGES family.

Warm regards

Dr. L. P. Thangavelu

President IAGES

Chairman Ashwin Hospital, Coimbatore

Message

Dr Ramen Goel
Immediate Past President, IAGES

Dear Colleagues,

It is heartening to realize that after 2 years of restrictions, we are finally meeting for the national conference of IAGES at Rajahmundry. Though academic activities continued through virtual means, realization is settling in that there is no substitute of personal human interaction.

IAGES is a vibrant body promoting academic excellence and research and I am sure that surgeons across India and the neighboring countries benefit from such interactions.

I wish to congratulate the Congress President Dr Sunil Popat, Current President Dr L P Thangavelu, Hon Secretary and President Elect Dr S Easwaramoorthy, Organising Chairman Dr Ganni Bhaskar Rao and all members of IAGES Executive Committee for facilitating this meeting.

Looking forward to seeing you soon,

Dr Ramen Goel
Immediate Past President
Trustee & FALS Board Chairman

Honorary Secretary's Report for the year 2021 - 22

Dr. S. Easwaramoorthy
Honorary Secretary, IAGES 2020-22

Dear members, ladies & gentlemen,
Greetings from IAGES central office.

Thanks for all your support and encouragement, we had a memorable academically vibrant year in spite of covid pandemic. I shall present to you, the IAGES activity report for the academic year 2021-22.

Summary of activities during the year 2021-22

- Onsite Fellowship courses & skill courses
- Online Fellowship courses
 - o FALS Oncology
 - o Other Fellowship Candidates
- IAGES ALSGBI Academic events
- IAGES Primetime
- IAGES Endorsed Academic events
- IAGES Mobile App/Website
- IAGES Membership Update
- IAGES Academic Initiatives
- IAGES 2022 @ Rajahmundry

IAGES Onsite Fellowship Courses and Skill Courses

- FIAGES & EFIAGES courses during the year 2021 22
 - FIAGES & EFIAGES @ Rajahmundry Feb 2021
 - By Dr. Ganni Basker Rao and team GSL medical college, Rajahmundry
 - Nearly 250 candidates participated including 75 postgraduates
 - 73 & 44 fellowship candidates in FIAGES/EFIAGES respectively
 - FIAGES & EFIAGES @ Chennai Sep 2021

- By Dr. M. Kanagavel and Prof Balaji Singh at Sri Ramachandra Medical college, Chennai
- Nearly 225 candidates participated including postgraduates and CME candidates
- 123 & 53 fellowship candidates in FIAGES/EFIAGES respectively
- FIAGES @ Goa Nov 2021
 - By Dr. Bhobe and Dr. Suraj and Dr. Jaydeep Palep
 - Nearly 100 registrants for the academic event including young and senior surgeons across the region
 - 80 fellowship candidates enrolled for FIAGES in Goa.
 - It was wonderfully conducted along with Midterm EC meeting
- FALS courses during the year 21 22
 - FALS Upper GI @ Delhi :
 - By Dr. Randeep Wadhavan and team Manipal hospital in Delhi
 - Close to 100 delegates participated including 42 fellowship candidates
 - FALS Colorectal @ Chennai
 - By Dr. C. Palanivelu and team GEM hospital Chennai
 - Nearly 150 delegates participated including 65 fellowship candidates
 - FALS Bariatrics @ Kolkatta :
 - Dr. Sarfaraz Baig and his team in Kolkatta
 - Nearly 50 delegates participated including 28 fellowship candidates
 - FALS Hernia @ Kanyakumari :
 - By Dr. Sivakumar and team at Kanyakumari
 - Nearly 250 delegates and 50 faculty participated in this mega academic event including 136 fellowship candidates.
 - We had a wonderful academic ambience like in a midterm conference with excellent hospitality.
 - FALS Robotic Surgery @ Delhi:
 - Dr. Vivek Bindal and Max hospital Vaisali team in Delhi
 - Close to 150 delegates and 30 faculty participated in this first ever Robotic FALS course under the auspices of IAGES including 96 fellowship candidates
 - Safe Lap chole skill course @ Jaipur
 - Held on On 14th November in the city of Jaipur by Dr. Jaya Maheswari under the leadership of President Sunil Popat
 - This was attended by nearly 80 delegates and 20 onsite faculty and several surgeons via Zoom platform.

- We had to postpone following Fellowship/academic events due to Covid 3rd wave to the next academic year: 2022 23
- FIAGES @ Trivandrum by Dr. S.K. Ajaiyakumar
- FIAGES @ Dehradun by Dr. Hemant Nautial
- Safe Lap chole skill course in Hyderabad by Dr. Lakshmi Kona
- Lap Hernia Skill Course at Vijayawada by Dr. Sushma

Online Fellowship Courses: 120 fellowship candidates

- No of candidates during this academic year under Mediknit virtual platform
 - o FIAGES : 40
 - o EFIAGES : 40
 - o FALS Oncology : 20
 - o Other FALS courses : 15
- Onsite assessment for these candidates has been done during the 2nd and 3rd day of onsite courses in Chennai and in Goa and the remaining candidates will be assessed in GSL medical college during IAGES 2022
- Special thanks to Dr. Anil Heroor and all the examiners for successful conduct of online FALS Oncology viva.

IAGES Endorsed programs Since Nov 2021

- Groin 21: International groin hernia conference and workshop held at St Isabel hospital Chennai by AWR and IAGES with able directions from Dr. Kanagavel on 30th and 31st July 2021
- Loss of Domain Global summit 2021: IAGES along with AWR on 14th August 2021 under the leadership of Dr. Ramesh Punjani & Dr. Ramana
- Robotic Hernia Surgery workshop on 24th and 25th of July in Delhi by Dr. Vivek Bindal with nearly 60 faculty, 200 onsite delegates and 500 online viewers
- IAGES Ventral Hernia Masterclass on 4th September in Mediknit platform attended by more than 1000 viewers. Congratulations to Dr. Sarfraz Baig and team
- TENT 21: one day Endoscopy technician program by GVN hospital Trichy by Dr. K. Govindaraj and team on 18th September 2021 benefiting more than 200 technicians across the country.
- one-day CME on Adolescent and Childhood Obesity on Saturday, 13th November 2021 at Sir Ganga Ram Hospital under Dr. Suviraj John
- Hands on ERCP training course for Surgeons @ Guwahati
 - o On 25th and 26th of October 2021 under the leadership of Prof Subhash Khanna in Swagat hospital, Guwahati
 - o 25 delegates and 5 faculty
- Online Safe Chole Masterclass by Jaipur Surgical Society on 4th and 5th December 2021 under the leadership of Prof V.K. Kapoor
- MASC: e CME on 22nd December by Dr. Suviraj John for 6 hours on 6 sessions in the field of MAS with faculty across the globe

ALSGBI-IAGES Intercontinental Webinar

- 3 Episodes this year with State-of-the-Art lectures and interesting case capsules with faculty from both IAGES and ALSGBI on

- o 1st 19th September 2021
- o 2nd 21st November 2021
- o 3rd 16th January 2022

IAGES Primetime

- Thanks to Dr. Kanagavel and team Docplexus for biweekly academics on Wednesday nights on several interesting topics in MAS with presentation by eminent faculty across the globe
- 14 episodes during this academic year
- Links to watch all the Primetime videos in IAGES YouTube channel and through Website are available.

Safe Lap cholecystectomy Online Masterclass

- o 8 hours of academics on this single theme through Mediknit virtual platform
- o 06.02.22 Sunday 11am to 7pm
- o 2300 viewers
- o 18 lectures and 1 panel discussion on Safe Lap Cholecystectomy
- o Final words of wisdom by Prof Udwadia and Prof B. Krishna Rao
- o 2 Credit hours from TNMC

Minimal Access Surgery Guidelines (Revised in year 2022)

- Thanks to Dr. Pradeep Chowbey and his team, we released the revised guidelines of IAGES MAS Guidelines on 12th February 2022 on virtual platform during our onsite final EC meeting in Coimbatore. This would be available in IAGES Website for members to read and download.

IAGES Website and Mobile App

- Website look and layout have been modified for ease of navigation and periodic updates are being done
- Mobile app is active both in Apple and Android phones since its launch 5 months ago with JMAS articles and all notifications are just one finger touch away from the members

IAGES Membership Updates

- Total Life Members(as on 10/02/21) : 7850
- New members this year till date : 502
- Total members (as on 7th Feb 2022) : 8352

IAGES Academic Initiatives

- Notifications have been sent for following awards (last date for application 30.12.21)
 - o IAGES PG Thesis Awards (Maximum of 5 awards each for Rs one Lakh)
 - o IAGES Best Researcher Awards (maximum of 5 awards each for Rs one lakh)
 - o JMAS Best Original Article Awards (maximum of 3 awards each for Rs one lakh)
- All shortlisted applications were systematically scrutinized and discussed and following winners were selected by IAGES AWARDS committee under the able leadership of President Prof Sunil Popat

Sunil Kumar, MBBS, FACS
15 Beldih Triangle
Circuit House Area
Jamshedpur, JH 831001 India

Dear Dr. Kumar,

Thank you very much for submitting an application for Membership in the American College of Surgeons Academy of Master Surgeon Educators™. We received a large number of applications, which were reviewed by the Steering Committee of the Academy. Two members of the Steering Committee conducted thorough reviews of the application, biosketch, curriculum vitae, and letters of recommendation for each candidate, and presented their evaluations to the entire Steering Committee. Assessment of accomplishments of each candidate was conducted using specific *Standards and Criteria for Membership* in the Academy. The final decision was made by consensus among the Committee members. Individual Committee members recused themselves if they or the Committee members had any concerns about a real or perceived conflict of interest with the application being considered. The list of members of the Steering Committee appears on this letterhead.

We are delighted to inform you that your application for Membership was accepted by the Steering Committee, and we look forward to welcoming you as a Member of the Academy of Master Surgeon Educators™. Please accept our Heartiest Congratulations for this momentous achievement and our best wishes for continued success!

The Induction Ceremony will be conducted virtually and held on Friday, October 15, 2021, from 3:00 to 5:00 pm Central Time. Plans are underway to make it a very special and meaningful event. Please note that selected Members, Associate Members, and Affiliate Members must be present at the Induction Ceremony in order to be admitted to the Academy. If there is a scheduling conflict, induction would be delayed until the following year. Those selected must be inducted within three years of their selection date; if not inducted during this period, they will need to re-apply for membership during a future application cycle.

Once you are inducted, you will be permitted to use the Credential/Membership Mark of the Academy, MAMSE (Member, Academy of Master Surgeon Educators), after your name. This

The new IAGES President 2021- 22 Dr. Sunil D Popat Installed/takes over

The pandemic EC meeting in Mumbai on the 11th February and the first E Council meeting of Incoming President Dr. Sunil D Popat 12th February 2021

EFIAGES and FIAGES @ Rajahmundry Feb 2021

Dear Friends,

We successfully conducted twin fellowship program at GSL Medical college in Rajahmundry on February 26th 28th 2021 under the guidance of Dr.GanniBasker Rao as the organizing chairman and Dr.Samir Ranjan as organizing secretary.

Thanks to the enthusiasm and able leadership of Prof Sunil Popat, President IAGES, the first onsite program after 13 months had been a mammoth success.

44 EFIAGES candidates and 75 FIAGES fellowship candidates had registered. All but 6 candidates were eligible for receiving fellowships during IAGES 2022. In addition, more than 100 postgraduate students across the region participated in the CME. Nearly 250 delegates and more than 50 faculty participated in this 3-day academic festival, the memories of which will linger in the minds of those participated for many years.

State of the art auditorium with excellent AV facility, world class virtual simulation laboratory and gastronomic delights made this 3- day academic event very enjoyable for everyone. Cultural nights with song and dance were liked by all with active participation by faculty, delegates and students.

Highlights of the fellowship program are as follows

- Faculty were able to deliver state of the art lectures both onsite and online with excellent AV facility
- Life time achievement awards were given to Prof B.Krishna Rao, Dr.Abhay Dalvi and Dr.Ramen Goel for their academic contributions

- Live endoscopy transmission from AIG Hyderabad and Live telecasts from UK by Dr.MurthyNyasavajjala were very well appreciated
- Scores of laparoscopic live surgery demonstrations including Lap Choe, TAPP and TEP were demonstrated
- More that 50 live upper GI endoscopy and 10 colonoscopy and several ERCP and Endoscopic US procedures were shown with some hands-on experience for the delegates during these live sessions.
- Simbionix GI mentor, Lap Mentor, several plastic model simulations and 3 D robotic simulation equipment were all utilised by the trainees and they were very satisfied with all the arrangements made for these training modules.

Overall, it had been one of the landmark academic events under the auspices of IAGES. Every one was very much impressed by the unmatched hospitality and excellent learning environment @ GSL Rajahmundry amidst the Covid 19 pandemic.

Photo Gallery IAGES 2021

2 Day Virtual Conference & Convocation
7th to 9th May 2021

Dear Senior Colleagues, Friends, Guests & Dear members,
Greetings from Team IAGES 2021 Coimbatore.

Thanks to all of you and God's grace, we were able to accomplish this arduous task of holding a major international MAS Conference in the midst of raging covid pandemic in a very grand manner.

Thanks to our Congress President and all the scientific committee members and session coordinators, we were able to come out with a robust scientific program inviting more than 200 renowned national and international faculty.

2 days of academic festival, spread out in 5 halls each day from 8am to 6pm with live and virtual live surgeries, panel discussions, expert talks and orations enthralled all the viewers through seamless transmission.

State of the art Digital platform proficiently managed by team videoline Anand and interactive academic sessions by all the faculty and moderators ensured exciting academic content and gave us all real immersive feel. We felt as if we were sitting just in front of Prof Michel Gagner, Prof Davide Lomanto or Prof Leroy and listening to them, though they were really thousands of miles away!

Learning in Digital platform has been the norm and way of knowledge sharing for most of us.

Finally,

It had been a great learning experience and very satisfying feat with words of appreciation from viewers across the globe

Heartfelt thanks to all the EC members, viewers and Guests from our Collaborating Associations

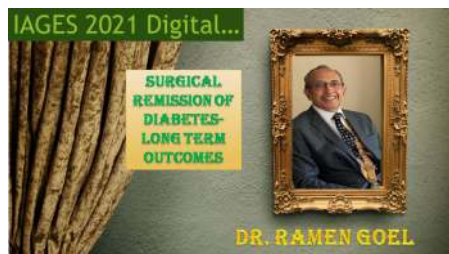

Long Live IAGES

Stay Safe. Jai Hind.

Affectionately Yours

The 'CLINIC' | AneCME Event of the Minimal Access Surgical Clinics | Gastro Intestinal Surgery MASC - GI Surgery January 2022 | www.masclinics.in

The 'CLINIC', the eCME of the 'Minimal Access Surgical Clinics | Gastro Intestinal Surgery (MASC | GI Surgery)', was organised this January 22, 2022 by the Institute of Minimal Access, Metabolic and Bariatric Surgery, Sir Ganga Ram Hospital, New Delhi under the aegis of the Indian Association of Gastrointestinal Endo Surgeons (IAGES), Delhi State Chapter of Association of Surgeons of India and the Association of Board-Certified Minimal Access Surgeons (ABMAS). The 'CLINIC' has been held as a periodic academic activity since 2018.

The science of gastrointestinal surgery continues to increasingly become the practice of endoscopic, laparoscopic and robotic surgical approaches to treat the diseases of the gastro-intestinal tract. At the MASC | GI Surgery January 2022, the primary thrust of the educational activity was to meet surgical professionals at their point of need as they combat surgical challenges in their clinical trenches. The agenda was surgeon-sourced (our standard practice) through the active membership of the Association of Board-Certified Minimal Access Surgeons (ABMAS) across India and the academic structure was shaped in an organ-based thematic way. Sixteen, leading national and international faculty addressed the key clinical contentions in a cognitive, evidence-based and clinically contextual manner. The event was attended by over 400 delegates across a 6 hour online academic schedule. The complete eCME can be viewed at <https://www.youtube.com/watch?v=RHmUf-kPbzAFuture> academic activities of the 'Minimal Access Surgical Clinics' | www.masclinics.in are to be announced in the near future.

Indian Association of
Gastrointestinal Endo Surgeons

INDIAN ASSOCIATION OF
GASTROINTESTINAL ENDOSURGEONS
113,29/08, Dani Sadan, Walkeshwar Road,
Mumbai, Mumbai City, Maharashtra, 400006

Association of Laparoscopic Surgeons of
Great Britain & Ireland (ALSGBI)
@The Royal College of Surgeons of England
35-43 Lincoln's Inn Fields, London, WC2A 3PE

IAGES ALSGBI Collaboration

This memorandum of understanding (MOU) is made on this 22nd day of March 2021 at
Edinburgh, UK.

Between

Indian Association of Gastrointestinal Endo Surgeons (IAGES), a body having its registered office at
Mumbai represented by its president, Dr. Sunil D. Popat, Honorary Secretary, Dr. S Easawaramoorthy and
the International Academic Co-ordinator, Prof. Subhash Khanna.

And

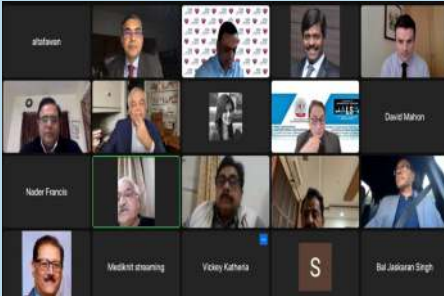

Association of Laparoscopic Surgeons of Great Britain and Ireland (ALSGBI)
represented by its President Mr. Donald Menzies and Honorary Secretary, Prof. Nader Francis.

IAGES - ALSGBI Collaboration

There was a new bonding between Indian Association of Gastrointestinal Endo Surgeons and Association of Laparoscopic Surgeons of Great Britain and Ireland and the process that was started in the IAGES 2020 meeting at Guwahati finally culminated on the 22nd day of March 2021 when the MOU of collaboration between the two associations was formally signed. After rounds of meeting under President IAGES Dr. Sunil D Popat and President ALSGBI Dr. Donald Menzies along with other designated council members and with active initiation by International convener. IAGES, Dr. Subhash Khanna both associations agreed on various suggestions and came up with recommendations that would help the present and future surgeons members of both associations.

There are proposals for combined academic activities at regular intervals and also an annual meet by both the associations and the details are now available for the members in the respective website of the association. The surgeons aspiring to undertake Fellowship or observership in any of the countries can approach the President, Secretary or the International convener with their request. Both association had combined academic event during the year 2021- 2022 and more events for the ensuing year are proposed.

You are invited...

Prof T.E.Udawadia
Founder President

Prof B.Krishna Rao
Senior Advisor

Prof Sunil Popat
President IAGES

The Indian Association of Gastrointestinal Endo Surgeons (IAGES) launched the IAGES Mobile Application in early 2021 as a complimentary adjunct to its already active online presence in the shape of its website and social media platforms. The primary aim of the IAGES App was to centralise showcasing at one site the complete digital armamentarium of the IAGES and also increase the visibility and access to each of these digital functions. The IAGES App initiative was also accelerated by the increasing proportion of online professional-academic activities brought on by the COVID-19 pandemic. The App serves to highlight to IAGES Members, future members and visitors the core professional-academic activities of the IAGES, namely; The Journal of Minimal Access Surgery (JMAS), Basic and Advanced Laparoscopic / Endoscopic / Robotic Surgical Courses, IAGES Academic Initiatives, IAGES Conferences, IAGES Members Profile, IAGES News and IAGES Information. The App has been started with the fundamentals in place and it is planned to increasingly functionalise this digital avenue in the future.

Research Committee Report

Dr. Ramesh Agarwalla

The Academy of Surgical Research (IAGES – ASR) was formed in July 2020. This academy promotes the advancement of professional and academic standards, education and research in the field of minimal surgery and allied sciences. The IAGES - ASR interfaces with surgeons, medical and scientific organizations in establishing and reviewing ethics, theories, practices and research pertaining to surgery and promotion of the results for clinical application.

The 1st meeting was held on 16th July 2020 on the virtual platform of Zoom and subsequently regular meetings are being held to plan and execute research projects. Since inception the following studies have been undertaken

1. Evaluation of 30-day Morbidity and Mortality of laparoscopic cholecystectomy in India - A Multicenter prospective observational cohort study

Chief Investigator : Dr Pinky Thapar -Jupiter Hospital

This study started on 9th December 2020 and ended on 9th April 2021

125 participants' data has been checked. The first batch of sheets have been sent to the statistician.

Simultaneous literature search has been started for such studies

2. IAGES study on current trends in ventral hernia practices in India- a prospective multicentre collaborative study

Principal Investigators : Dr Sarfaraz Baig, Dr Ramesh Agarwalla, Dr Ramen Goel

This study started on 21st January, 2021. Recruitment of new patients stopped on 21st April 2021

The data collaboration on ventral hernia includes 130 surgeons from the country, and is finally taking shape

More than 50 surgeons have sent their data with a pooled number of an impressive 500+ cases so far.

The follow up of these patients will be complete by 21/7/21. We will analyse the practice variation, SSO and SSI rates once this is done.

We will write a paper on the results and hope to get it published in a reputed journal.

3. A national multi-center observational case control study on the 30-day morbidity and mortality of

abdominal surgical procedures in patients recovered from SARS CoV-2 infection : IAGES Collaborative Study

Key Investigators:

Rajesh Bhojwani, Ramen Goel, Kamal Mahawar, Brinderjeet Kaur,
Rateesh Sareen, Subhash Mishra, Amrit Nasta, Ramesh Agarwalla

Recruitment started on 5th April.

A total of 21 centres are collaborating.

645 patients have been recruited so far in approximately 2 months out of which 55 were Covid recovered.

In view of the ongoing pandemic the recruitment of new patients has slowed down as elective surgeries are not being done in many centres.

However, once this wave is over, we expect a very high load of Covid recovered patients for various surgical procedures and hopefully the recruitment should reach the sample size(220 Covid recovered patients) by the end of June / Mid July

4. BROAD (Bariatric Revision Outcome Audit) study.

BROAD study is a multi-centre observational audit to understand the safety and efficacy of revisional bariatric surgeries in adults, performed during the study period.

Design : Multi-centric observational audit

Allocation period : recruitment of all consecutive revisional bariatric surgery patients from 15th May 2021 to 14th August 2021 (3 months). Study period may be extended depending on the recruitment.

Duration of follow up/ time points:

1. 30 days
2. 90 days
3. 1 years
4. 3 years

Lead centre: Wockhardt Hospital, Mumbai, India

Principal Investigator - Dr. Ramen Goel,

BROAD team – Dr Ramen Goel, Dr Kamal Mahawar, Dr Luc Lemmens, Dr Sarfaraz Baig, Dr Yosuke Seki & Dr Amrit Nasta

5. IAGES study on outcomes in Groin hernia surgery in India- a prospective multicentre collaborative study

Principal Investigator: Dr Tarun Mittal.

This study was supposed to start from 1st May 2021 but has been delayed due to the ongoing pandemic

Studies to be launched soon

Retrospective and prospective studies to analyze the impact of EFIAGES, FIAGES and FALS courses on surgical practice of the candidates. This is the brainchild of our President Dr Sunil Popat

There is lot of enthusiasm among Surgeons in India and they are actively participating in these studies.

Dear Friends

Warm greetings to the IAGES Fraternity!

The second wave of the corona virus is in its full fury disrupting the livelihood of the humanity and posing immense challenges to the surgical fraternity. Sure, with commitment and persistent scientific approach, we should be able to overcome this tough crisis. The Digital IAGES is an unique initiative under the leadership of Prof D Sunil Popat, President, IAGES, Dr S Easwaramoorthy, Honorary Secretary, IAGES and Dr Satyapriya de Sarkar, Treasurer, IAGES.

IAGES PRIMETIME

On behalf of the DIGITAL IAGES, we warmly welcome the incoming President Prof Sunil D Popat. He has been continuously guiding us in all academic initiatives. He has brought in the most eminent personalities in the field of Minimal Access Surgery to the IAGES. IAGES Primetime was hosted on a fortnightly basis, we have had a galaxy of national and international speakers for this program. We are right now having the IAGES PRIME Ver 2.0 under the able leadership of Prof D Sunil Popat, President, IAGES. We have had multiple sessions during 2021-22. Kindly find the link enclosed to view and learn the wisdom of eminent leaders of minimal access surgery. We have a galaxy of diverse specialists lined up for the forthcoming sessions.
