

FIAGES

2019 DELHI

12, 13 & 14 July, 2019 | Delhi

Organised by the
Institute of Minimal Access, Metabolic & Bariatric Surgery
SIR GANGA RAM HOSPITAL
Rajinder Nagar, New Delhi

Under the aegis of the
Indian Association of Gastrointestinal Endo Surgeons (IAGES)

Venue
Auditorium, Sir Ganga Ram Hospital, New Delhi

Welcome Message

Dear Colleagues,

It is our privilege as the Institute of Minimal Access, Metabolic and Bariatric Surgery (iMAS), Sir Ganga Ram Hospital to invite you to the upcoming Fellowship Course of the Indian Association of Gastrointestinal Endo Surgeons (FIAGES) this July 12-14, 2019 in New Delhi. The Institute of Minimal Access, Metabolic and Bariatric Surgery has been at the forefront of laparoscopic, robotic and endoscopic surgical practice since its inception in its surgical spectrum, post-doctoral surgical training, research and academics. It is our firm advocacy that the practice of minimal access surgery is best acquired through a formal and structured process of surgical education. The Indian Association of Gastrointestinal Endo Surgeons (IAGES) has led nationally the transfer of standardised basic and advanced laparoscopic skill to the wider surgical community through the FIAGES and FALS courses respectively. iMAS and IAGES come together this July to impart a very contextual course in the basics of minimal access surgery. This FIAGES course will be a faculty and content intensive educational experience. This will bring together native and national faculty to a highly structured academic IAGES format. FIAGES 2019 Delhi is your go-to academic program for the fundamentals of minimal access surgery.

Please log into www.fiages2019delhi.com for details pertaining to the course and registration.

We look forward to welcoming you to this premier training course in Delhi this July!

Highlights

Live Surgeries

Laparoscopic Cholecystectomy, Laparoscopic TAPP and TEP
Laparoscopic Ventral Hernioplasty, Laparoscopic Appendectomy.
(Subject to availability of cases)

- Interactions with renowned national faculty.
- Endotrainer sessions.
- Prestigious Fellowship Certificate.

Who should attend?

- Surgeons aspiring to learn laparoscopic surgery (including suturing and knotting).
- Surgeons performing basic laparoscopic surgery who wish to perform advanced laparoscopic surgery.

Benefits of FIAGES

- Ability to perform safe laparoscopic surgery.
- Competence in handling difficult laparoscopic situations.
- Learning the correct techniques of laparoscopic suturing.
- Chance to interact and learn one-on-one with an eminent national faculty.
- Endo Trainer practice sessions.

Eligibility criteria for the FIAGES course:

IAGES membership is mandatory

2-year waiting period post PG removed

To become an IAGES member, log on to: www.iages.in/join-iages.html

Exam Category

- Completed MS/DNB general surgery as of December 2018
- Performed 25 laparoscopic procedures independently or jointly
- **A Certificate of Experience must be obtained from the HOD of the Hospital / Institution as a supportive document of Laparoscopic Surgical Experience OR Certificate of Experience must be obtained from the HOD of Surgery (PG) as a supportive document of Laparoscopic Surgical Experience during PG Training.**
- Attached Scanned (soft copy) / Photo Copies of MBBS, MS or DNB certificate and MCI Registration Certificate.
- Presented a duly certified log book
- Total 25 cases including - (Assisted/operated)
 - Minimum 25 Lap Chole
 - Minimum 10 Lap Appendix
 - Diagnostic laparoscopy
 - Log book should include post-operative complications and course
- Attended lectures on the first 2 days and the live surgery workshop on the 3rd day
- Attended 'Endotrainer' and 'Meet the Professor' sessions

Log Book

No	Name	Age	Sex	Operation	Post Op Course	Infection	Bleeding	Others	Assisted/under supervision/ Independent

Log book should be submitted at the time of examination.

Non-Exam Category

- To recognise their contribution to the field of Minimal Access Surgery, IAGES awards the fellowship to senior laparoscopic surgeons without examination.
- Minimum 10 years experience practising laparoscopic surgery post MS/DNB
- Performed over 250 laparoscopic surgeries (supported with evidence or an undertaking)
- Attended lectures on the first 2 days and the live surgery workshop on the 3rd day
- Provided an additional letter to the convenor of the course, clearly stating the number of laparoscopy cases performed in the last 10 years
- Would be eligible to receive the FIAGES fellowship on the satisfactory completion of the FIAGES course and the informal interview

Written Exam

- There will be an MCQ type paper, with 100 questions for 1 mark each, for a total of 100 marks.
- Candidates are required to obtain a minimum of 50 marks to pass.

Practical Exam

- The skill assessment on the Endo Trainer is based on performing simple to advanced exercises, for approximately 10 minutes for each candidate. A maximum of 50 marks is allotted. Each candidate will be assessed by one examiner.
- An interview for approximately 10 minutes for each candidate will be conducted by one or more examiners for a maximum of 50 marks.

The decision of the examiner panel is final

Scientific Program

- History of Laparoscopy
- Endovision Systems 2D/3D
- Hand Instruments and Accessories
- Stay Sterile
- Energy Sources in Laparoscopy
- Ergonomics and How to train further
- Entry into abdomen
- Physiology of GA/Regional Anaesthesia
- Knots and Sutures
- Laparoscopic Appendectomy
- Standard Laparoscopic Cholecystectomy
- Difficult Cholecystectomy, Tips and Tricks
- Biliary Injury – What to Do
- Laparoscopic CBD stone management
- Complications in Laparoscopic Cholecystectomy – Panel
- Laparoscopy in Emergency (Except Appendix)
- Endo- Anatomic view – Groin hernia
- Trans-abdominal pre-peritoneal repair (TAPP)
- Totally extra-peritoneal repair (TEP)
- Mesh and Tacks – Single/Reuse for hernia
- Laparoscopic Ventral Hernia repair – IPOM
- Laparoscopic Ventral Hernia repair – Beyond IPOM
- Laparoscopic Hiatus Surgery
- Laparoscopic Splenectomy and Adrenalectomy
- Laparoscopic Surgery for Liver and Pancreas – Cysts, Stones and Abscesses
- Laparoscopic surgery for Benign and Malignant Diseases of Large Intestine
- Panel discussion on complications of Laparoscopic Hernia Surgery
- MIS in Proctology
- Laparoscopic Obesity and Metabolic Surgery
- Newer horizons in MIS
- Medico-Legal Aspects
- Robotic Surgery
- Present with Power vision, poster
- How to Write for Journals
- Endoscopy for Surgeons
- Master Videos of Complications in Laparoscopy

Instructions to the Participants

Registrations start at 8 am on 12th July, 2019.

Attendance is compulsory for all FIAGES course participants on all days.

Participants are requested to sign out four times a day (this is mandatory), remain in the hall until the proceedings are over, and sign out at the end.

For every in and out new register will be maintained. The marks will be included for attendance as well.

Recommended Reading Material

- Comprehensive Laparoscopic Surgery, 4th Edition (can be purchased online on Amazon & Flipkart).
- Textbook of Laparoscopic Surgery by Dr. T. E. Udhwadia.
- The SAGES Manual of Laparoscopic Surgery.
- Laparoscopic Surgery by Zucker & Baily.

Fellowship Award

All fellowship certificates will be given (only in person) to successful candidates in a grand convocation ceremony held during the national conference of IAGES.

If the delegate is unable to attend two consecutive national conferences, then the certificate will be mailed to the delegate.

Failed Candidate

Candidates who have not been successful may appear for the next FIAGES course by paying registration fees for CME only.

IAGES Fellowship Course

IAGES will conduct a 3-day fellowship course on Laparoscopy from 12th to 14th July 2019 at Sir Ganga Ram Hospital, Delhi. The course will be a balanced mix of didactic lectures by our eminent faculty, with discussions, video presentations and informal interactions with the faculty. Participants will have ample time to practice on the Endo Trainer, with guidance and supervision from the faculty, so as to improve their hand-eye coordination.

On the 3rd day, 14th July, a Live Operative Workshop will be held at Sir Ganga Ram Hospital, Delhi. Commonly practiced basic and advanced laparoscopic procedures will be demonstrated by the faculty, with an emphasis on proper technique.

Meet The Professor Session

This provides a good opportunity for young surgeons to engage in interactive sessions with the faculty, and to discuss basic and advanced procedures.

Endo Trainer Sessions

The Endo Trainer sessions are a very important part of the fellowship course. The sessions will be supervised by a faculty member. During these sessions, candidates will be trained and guided to perform specific tasks, including intracorporeal knotting and suturing. On the last day, an evaluation will be held on the same exercises

Guidelines for Registration

1. Demand draft/cheque should be made in favour of “**Sir Ganga Ram Hospital**”, payable at New Delhi.
2. To avoid postal delays, send drafts early.
3. Spot registration for the fellowship course will be subject to availability.
4. FIAGES course fee can be transferred to our account electronically.

Account No. : 00261000043401
Bank Name : HDFC Bank
Account Name : Sir Ganga Ram Hospital

Sir Ganga Ram Hospital

Sir Ganga Ram Hospital is a state-of-art tertiary healthcare and referral center in New Delhi. Begun initially in 1921 in Lahore where it functions even today, the present hospital in India, was established in 1954 under the Sir Ganga Ram Trust Society and managed by the Board of Management, consisting of eminent consultants in the hospital. The hospital in the last 20 years has rapidly expanded to a tertiary center with many clinical specialities of excellence. It caters to about 4,00,000 outpatients and 50,000 inpatients each year with about 25,000 surgical procedures undertaken annually. It is the largest post-graduate and super-speciality teaching institution under the National Board of Examinations (NBE) across 28 medical and surgical disciplines.

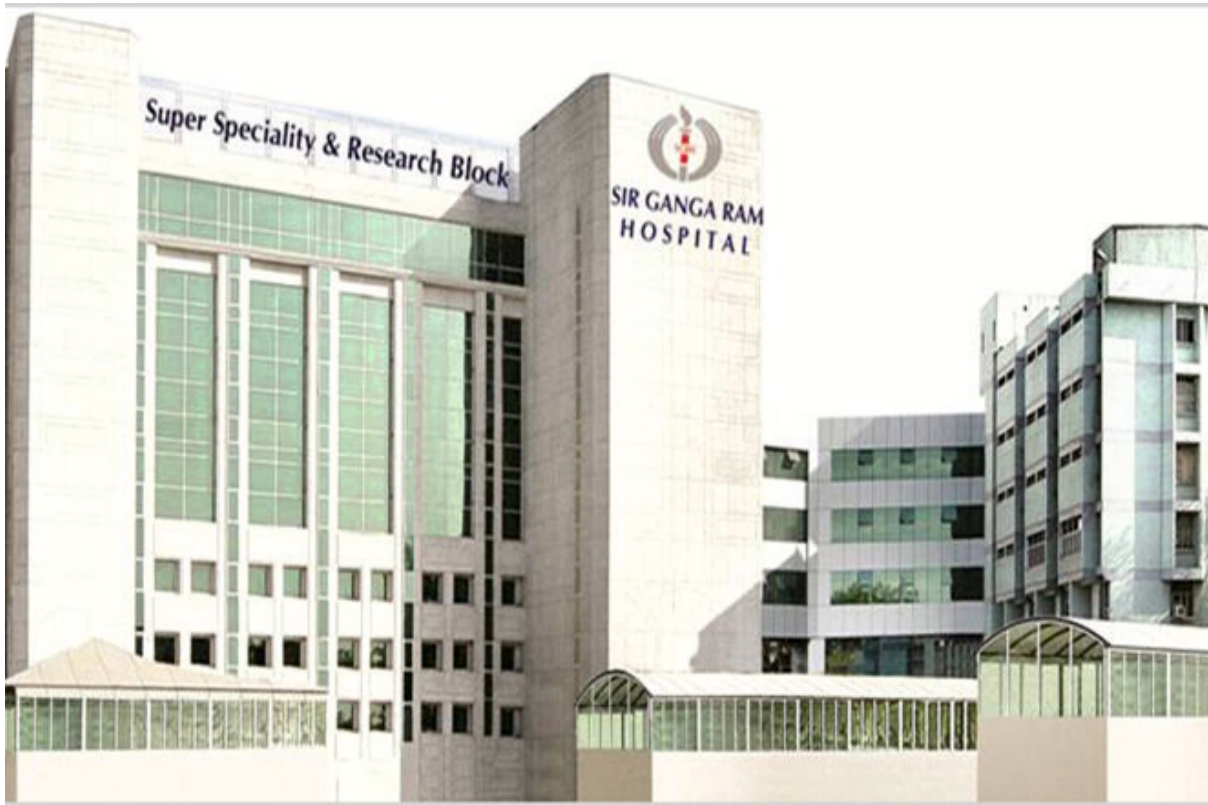

Sir Ganga Ram Hospital is committed to providing world class healthcare, teaching, training and research by a team of highly qualified doctors, dedicated nurses, para-medical and non-medical staff with the help of state-of-the-art diagnostic, therapeutic services in a comfortable, caring and safe environment at an affordable cost to all sections of society including free treatment to the economically weaker section as per vision of the founder.

Institute of Minimal Access, Metabolic and Bariatric Surgery

The Institute of Minimal Access, Metabolic and Bariatric Surgery (iMAS), Sir Ganga Ram Hospital was established in 1996 with a singular focus on excelling in the practice of Minimal Access Surgery. The institute co-pioneered advanced training in minimal access surgery in India with the establishment of the post-doctoral fellowship in minimal access surgery under the National Board of Examinations (NBE) in 2003. It was conferred its institute status in 2010 in recognition of its distinct frontline professional and academic status. The institute has leading experience in metabolic surgical research and robotic bariatric surgery in South Asia.

The vision of the Institute of Minimal Access, Metabolic & Bariatric Surgery is to constantly improve and provide the best in Minimal Access Surgical services with Maximal Health Advantages to all segments of society. We aim to achieve this with our credo Collective Wisdom for Achieving Excellence. The Institute has organised numerous international, national and regional conferences on Minimal Access Surgery since its inception. Faculty at the Institute have published some of the first Indian textbooks on minimal access surgery. The Institute is regularly represented at national and international forums.
